

Squirrel's Sunflowers

You could grow anything, for example, a beautiful flower or something tasty to eat. It's up to you whether you plant something that lives indoors or outdoors.

Squirrels

10/15 minutes

EQUIPMENT

Small plant pots
Sunflower Seeds
Compost
Paper cut to size of plant pot/
stickers

INSTRUCTIONS

Using the paper cut to size or some bright stickers encourage the Squirrels to decorate the plant pot with their chosen colours or design.

Help the Squirrels to fill the pot with compost

Encourage Squirrels to poke a hole into the compost for their sunflower seed.

Plant seed and cover over.

Explain to Squirrels what sunflowers will need to help them grow.

Risk Assessment Considerations

Leader support per group recommended

Hand washing facilities

Put paper down to keep floor hazard free
